

AMUN RECEIVES APPROVAL OF A BASE PROSPECTUS UNDER THE EU PROSPECTUS REGULATION

Zurich – 10 December 2019 - The Board of Directors of the Swiss Issuer, AMUN AG (“Issuer”), is pleased to announce that the Finansinspektionen, the Swedish Financial Supervisory Authority (SFS) has approved the Base Prospectus filed by AMUN AG.

Amun is the first issuer to deliver fully collateralized, passive investment products with crypto currencies as underlying asset.

The Issuer is pleased to confirm that it has extensive plans to expand its current set of product offerings of digital-asset Exchange Traded Products (ETPs) into the Europe Union and continues its mission to lead the delivery of professional-grade investment products in the crypto currency and blockchain markets.

“Our mission is clear and that is to help investors more safely, cost effectively and easily invest in crypto asset classes through our crypto ETPs. We are very fortunate to have finished this process within 4 months of its consultancy period” said Amun’s President Ms Ophelia Snyder. “We recognise that the regulatory framework in Sweden has been supportive of such initiatives and we welcome its deliberation. The combination of strong demand for ETPs in Sweden – especially in crypto assets – among private investors and institutional clients and our strong expertise in these product categories create ideal conditions for Amun’s entry into the Swedish and European Union markets for ETPs.”

The Issuer is committed to maintaining the highest standards of professionalism and looks forward to continuing a productive and collaborative relationship with new and existing partners in Sweden and the rest of the European Union.

The prospectus is made available electronically, subject to applicable securities laws, on the Issuer’s website under www.amun.com. For more information, please visit www.amun.com or email etp@amun.com.

The approval of the Base Prospectus should not be understood as an endorsement by the SFS of the securities offered or admitted to trading on a regulated market. Potential investors should read the Base Prospectus and the relevant Final Terms before making an investment decision in order to understand the potential risks associated with the decision to invest in the securities. You are about to purchase a product that is not simple and may be difficult to understand.

About Amun

Amun makes investing in crypto assets as easy as buying shares using your conventional broker or bank. Investors can invest in cryptocurrencies using a conventional ETP structure easily, safely, cost effectively and in a regulated framework on the SIX Swiss Exchange, BX Swiss and Boerse Stuttgart. Founded in 2018, Amun is led by a team of talented serial entrepreneurs and experienced professionals from the technology and financial world. Headquartered in Zug, with offices in Zurich, Berlin and New York, the company has launched several world firsts, including the first listed crypto index (HODL) in November 2018. Amun has nine crypto ETPs listed today and has over \$70 million in AuM in total listed and planned ETPs.
