

PRESS RELEASE - UNDER EMBARGO UNTIL 12 DEC 2019 07:00 AM GMT+1

Sygnum and Amun launch innovative digital asset index for the next generation Internet – the Internet of Value

A new Exchange Traded Product (ETP) is listed on the SIX exchange to track the Amun Sygnum Platform Winners Index. This ETP is a useful vehicle to gain passive exposure to foundational blockchain protocols, as well as a convenient, safe entry point for investors new to digital assets.

Zürich, 12 December 2019 – Sygnum, the world’s first digital asset bank, in collaboration with Amun AG, the largest provider of Exchange Traded Products in the digital asset industry, have launched a new digital asset index. The corresponding ETP, called the **Amun Sygnum Platform Winners Index ETP (ticker: MOON)**, begins trading on the SIX exchange today. This ETP enables all types of investors to gain exposure to digital assets in a convenient, safe and responsible way.

Pure play on the blockchain protocol layer

This is the first index to only track native blockchain protocol tokens using a fully rules-based approach. The index identifies the most established foundational protocols upon which applications and ecosystems are being built. These include Bitcoin, Ethereum and others such as EOS, Binance Chain, Cardano, and NEO. These protocols represent the potential building blocks of the future digital asset economy.

Intelligent market exposure

As a digital asset specialist, Sygnum’s selection, weighting and regular rebalancing of protocol tokens in the index is based on a holistic set of factors and ensures that the winning protocols - as judged by the market - are always included in the index. These metrics include capital invested, financial market interest, ecosystem growth, and developer resources committed.

Hany Rashwan, Co-Founder and CEO, Amun, explains: “Our mandate is clear; to pioneer and deliver innovative and convenient digital asset indices via ETPs. This partnership with Sygnum further demonstrates our commitment to supporting the digital asset industry in these dynamic and exciting times. We are thrilled to be working with the first digital asset bank and our collaboration with Sygnum in delivering this unique risk managed vehicle in a regulated framework.”

This physically backed ETP is fully collateralised, with the corresponding coins/tokens stored in secure and institutional grade custody.

The MOON ETP is issued by Amun and administered via the Amun Onyx Platform, the premier issuance and administration platform for crypto exchange traded products.

About Sygnum

Sygnum is the world’s first digital asset bank. With its Swiss banking and securities dealer licence, as well as its capital markets services licence in Singapore, Sygnum empowers institutional and private qualified investors, corporates, banks and other financial institutions to invest in the digital asset economy with complete trust. The

company is the first digital asset bank with an independently controlled, scalable and future-proof regulated banking solution. Sygnum's interdisciplinary team of banking, investment and Distributed Ledger Technology (DLT) experts is shaping the development of a trusted digital asset ecosystem. The company is founded on Swiss and Singapore banking heritage and operates globally. To learn more about Sygnum, please visit www.sygnum.com

About Amun

Amun makes investing in crypto assets as easy as buying shares using your conventional broker or bank. Investors can invest in cryptocurrencies using a conventional ETP structure easily, safely, and in a regulated framework on the SIX Swiss Exchange, BX Swiss and Boerse Stuttgart. Founded in 2018, Amun is led by a team of talented serial entrepreneurs and experienced professionals from the technology and financial world. Headquartered in Zug, with offices in Zurich, Berlin and New York, the company has launched several world firsts, including the first listed crypto index (HODL) in November 2018. Amun has nine crypto ETPs listed today and has over \$70 million in AuM in total listed and planned ETPs. For more information, please visit www.amun.com
