STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This quarterly report on Form 10-Q includes "forward-looking statements" that generally relate to future events or future performance. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "expect," "intend," "plan," "anticipate," "believe," "estimate," "predict," "potential" or the negative of these terms or other comparable terminology. All statements (other than statements of historical fact) included in this report that address activities, events or developments that will or may occur in the future, including such matters as movements in the digital asset markets and indexes that track such movements, the operations of 21Shares Polkadot Staking ETF (the "Trust"), the plans of 21Shares US LLC (the "Sponsor"), as the sponsor of the Trust, and references to the Trust's future success and other similar matters, are forward-looking statements. These statements are only predictions. Actual events or results may differ materially. These statements are based upon certain assumptions and analyses the Sponsor has made based on its perception of historical trends, current conditions and expected future developments, as well as other factors appropriate in the circumstances.

Whether or not actual results and developments will conform to the Sponsor's expectations and predictions, however, is subject to a number of risks and uncertainties, including the special considerations discussed in this report, general economic, market and business conditions, changes in laws or regulations, including those concerning taxes, made by governmental authorities or regulatory bodies, and other world economic and political developments. Consequently, all the forward-looking statements made in this report are qualified by these cautionary statements, and there can be no assurance that actual results or developments the Sponsor anticipates to occur will be realized or, even if substantially realized, that they will result in the expected consequences to, or have the expected effects on, the Trust's operations or the value of its common shares of beneficial interest (the "Shares").

Should one or more of these risks discussed in "Risk Factors" herein or in Part I, Item 1A. "Risk Factors" in our Annual Report on Form 10-K filed on June 29, 2026, for the period ended March 31, 2026 (the "Annual Report"), as supplemented by the risk factors disclosed in Part II, Item 1A of the Trust's subsequent Quarterly Reports on Form 10-Q, or other uncertainties materialize, or should underlying assumptions prove incorrect, actual outcomes may vary materially from those described in forward-looking statements. Forward-looking statements are made based on the Sponsor's beliefs, estimates and opinions on the date the statements are made, and neither the Trust nor the Sponsor is under a duty or undertakes an obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change, other than as required by applicable laws. Moreover, neither the Trust, the Sponsor, nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. Investors are therefore cautioned against placing undue reliance on forward-looking statements.

EMERGING GROWTH COMPANY

The Trust is an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"). For as long as the Trust is an emerging growth company, unlike other public companies, it will not be required to, among other things: (i) provide an auditor's attestation report on management's assessment of the effectiveness of our system of internal control over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act of 2002; or (ii) comply with any new audit rules adopted by the Public Company Accounting Oversight Board after April 5, 2012, unless the U.S. Securities and Exchange Commission ("SEC") determines otherwise.

The Trust will cease to be an "emerging growth company" upon the earliest of (i) it having $1.235 billion or more in annual gross revenues, (ii) the date on which the Trust is deemed to be a "large accelerated filer," (iii) it has issued more than $1.0 billion of non-convertible debt over a three-year period or (iv) the last day of the fiscal year following the fifth anniversary of its initial public offering.

In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act of 1933, as amended (the "Securities Act"), for complying with new or revised accounting standards. In other words, an emerging growth company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. The Trust intends to take advantage of the benefits of the extended transition period.

1. Organization

The 21Shares Polkadot Staking ETF (the "Trust") is a Delaware statutory trust, formed on October 29, 2024 pursuant to the Delaware Statutory Trust Act ("DSTA"). The Trust was initially registered with the name of Jura Pentium Trust 3. The Trust changed its name from Jura Pentium Trust 3 to 21Shares Polkadot Trust on December 19, 2024. The Trust changed its name from 21Shares Polkadot Trust to 21Shares Polkadot ETF on September 16, 2025. The Trust changed its name from 21Shares Polkadot ETF to 21Shares Polkadot Staking ETF on August 25, 2026. The Trust operates pursuant to a Fourth Amended and Restated Trust Agreement (the "Trust Agreement"). CSC Delaware Trust Company, a Delaware trust company, is the trustee of the Trust (the "Trustee"). The Trust is managed and controlled by 21Shares US LLC (the "Sponsor"). The Sponsor is a limited liability company formed in the state of Delaware on June 16, 2021, and is a wholly owned subsidiary of 21co Holdings Limited. The ultimate parent company of 21co Holdings Limited is FalconX Holdings Limited ("FalconX"). Coinbase Custody Trust Company, LLC (the "Coinbase Custodian"), and BitGo Bank & Trust, N.A. (the "BitGo Custodian", and together with the Coinbase Custodian, as the context may require, the "DOT Custodians", "Custodian", and each, a "DOT Custodian") are the custodians for the Trust and hold all of the Trust's DOT on the Trust's behalf. The transfer agent (the "Transfer Agent"), the administrator for the Trust (the "Administrator"), and the cash custodian (the "Cash Custodian") is Bank of New York Mellon. Prior to the Shares being listed on the Exchange on March 6, 2026, NAV Consulting, Inc. was the administrator of the Trust.

The Trust is an exchange-traded fund that issues shares of beneficial interest (the "Shares") representing fractional undivided beneficial interests in its net assets that trade on the Nasdaq Stock Market LLC (the "Exchange") under the ticker symbol "TDOT".

The Trust's investment objective is to seek to track the performance of DOT, as measured by the performance of the FTSE Polkadot Index (the "Pricing Benchmark"), as adjusted for the Trust's expenses and other liabilities, and to reflect rewards from staking a portion of the Trust's DOT, to the extent the Sponsor in its sole discretion determines that the Trust may do so without undue legal or regulatory risk, such as, without limitation, the risk of jeopardizing the Trust's ability to qualify as a grantor trust for tax purposes. The Pricing Benchmark is calculated by FTSE International Limited (the "Pricing Benchmark Provider") based on the volume weighted average price across qualifying DOT spot markets. The Pricing Benchmark is designed to track the performance of DOT in U.S. dollars. In seeking to achieve its investment objective, the Trust holds DOT and values its Shares daily based on the Pricing Benchmark. Prior to August 27, 2026, the Trust used the CME CF Polkadot - Dollar Reference Rate – New York Variant (the "Prior Pricing Benchmark"). On August 20, 2026, the Sponsor entered into a licensing agreement between the Sponsor and the Pricing Benchmark Provider relating to the use of the Pricing Benchmark and on August 27, 2026, the Trust began valuing its Shares and calculating its net asset value by reference to the Pricing Benchmark. Accordingly, the change in pricing benchmark provider had no material impact on the Trust's net asset value, the fair value measurement of the Trust's DOT, or the Trust's results of operations, and does not represent a change in accounting principle. The change was applied prospectively from the date the successor benchmark became effective.

The Trust is an "emerging growth company" as that term is used in the Securities Act, and, as such, the Trust may elect to comply with certain reduced public company reporting requirements.

Pursuant to a subscription agreement, on January 3, 2025, Web 3.0 Technologies Foundation, a Swiss Stiftung (the "Purchaser") purchased from the Trust 600,000 Shares, which have been adjusted to reflect the effect of the Reverse Share Split (as defined below), representing fractional undivided beneficial interests in the net assets of the Trust, for an aggregate purchase price equivalent to $52,631,796 in DOT.

On March 4, 2026, the Trust announced that the Sponsor approved a four (4)-for-one (1) reverse share split (the "Reverse Share Split") of all of the Trust's outstanding Shares. In connection with the Reverse Share Split, every four Shares that were held by the Trust's beneficial owners (the "Record Holders") at the close of business on March 4, 2026, automatically combined into one Share after market close on March 4, 2026. In addition, each Record Holder continued to hold the same percentage of the Trust's outstanding Shares as held immediately prior to the Reverse Share Split, and the Reverse Share Split did not modify the rights or preferences of the Shares. The investment objective, strategy, and underlying holdings of the Trust remained unchanged.

On March 5, 2026, 21Shares US LLC (in such capacity, the "Seed Creation Investor"), purchased initial seed creation baskets comprising 20,000 Shares (the "Seed Creation Baskets") at a price of $18.48 per Share. Total proceeds to the Trust from the sale of the Seed Creation Baskets were $369,671. Delivery of the Seed Creation Baskets was made on March 5, 2026. On March 5, the Trust purchased DOT with the proceeds of the Seed Creation Baskets by transacting with a designated third party, who may be an Authorized Participant or an affiliate of an Authorized Participant, and with whom the Sponsor has entered into an agreement on behalf of the Trust (each such third party, a "DOT Counterparty") to acquire DOT on behalf of the Trust in exchange for cash provided by the Sponsor in its capacity as Seed Creation Investor. All DOT acquired in connection with the Seed Creation Baskets is held by one or more of the DOT Custodians.

The statement of assets and liabilities and schedule of investment on September 30, 2026, and the statements of operations and changes in net assets for the three and six months ended September 30, 2026 and 2025, have been prepared on behalf of the Trust and are unaudited. In the opinion of management of the Sponsor of the Trust, all adjustments (which include normal recurring adjustments) necessary to present fairly the financial position and results of operations for the three and six months ended September 30, 2026 and 2025, and for all interim periods presented have been included. In addition, interim period results are not necessarily indicative of results for a full-year period.

The fiscal year-end of the Trust is March 31st.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP" or "GAAP").

The Trust qualifies as an investment company solely for accounting purposes and not for any other purpose and follows the accounting and reporting guidance under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946, Financial Services - Investment Companies, but is not registered, and is not required to be registered, as an investment company under the Investment Company Act of 1940, as amended (the "1940 Act"). The Trust uses fair value as its method of accounting in accordance with its classification as an investment company for accounting purposes.

As an investment company for accounting purposes, the Trust is exempt from the requirement to present a statement of cash flows pursuant to ASC Topic 230, Statement of Cash Flows. Accordingly, a statement of cash flows has not been presented.

Accounting Estimates

The preparation of the financial statements in conformity with US GAAP requires the Trust to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ materially from such estimates as additional information becomes available or actual amounts may become determinable. Should actual results differ from those previously recognized, the recorded estimates will be revised accordingly with the impact reflected in the operating results of the Trust in the reporting period in which they become known.

Cash

Cash includes non-interest bearing, non-restricted cash maintained with one financial institution that does not exceed U.S. federally insured limits.

Investment Valuation

US GAAP defines fair value as the price the Trust would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. The Trust's policy is to value investments held at fair value.

The Trust identifies and determines the DOT principal market (or in the absence of a principal market, the most advantageous market) for GAAP purposes consistent with the application of the fair value measurement framework in FASB ASC 820 – Fair Value Measurement. A principal market is the market with the greatest volume and activity level for the asset or liability. The determination of the principal market will be based on the market with the greatest volume and level of activity that can be accessed. The Trust obtains relevant volume and level of activity information and based on initial analysis will select an exchange market as the Trust's principal market. The net asset value ("NAV") and NAV per Share will be calculated using the fair value of DOT based on the price provided by this exchange market, as of 4:00 p.m. ET on the measurement date for GAAP purposes. The Trust will update its principal market analysis periodically and as needed to the extent that events have occurred, or activities have changed in a manner that could change the Sponsor's determination of the Trust's principal market.

Various inputs are used in determining the fair value of assets and liabilities. Inputs may be based on independent market data ("observable inputs") or they may be internally developed ("unobservable inputs"). These inputs are categorized into a disclosure hierarchy consisting of three broad levels for financial reporting purposes. The level of a value determined for an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement in its entirety. The three levels of the fair value hierarchy are as follows:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not considered to be active, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means; and

Level 3: Unobservable inputs, including the Trust's assumptions used in determining the fair value of investments, where there is little or no market activity for the asset or liability at the measurement date.

The following tables present information about the Trust's assets measured at fair value as of September 30, 2026 (Unaudited) and March 31, 2026:

	Amount at Fair Value	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
September 30, 2026 (Unaudited)				
Assets				
Investment in DOT	$ 11,748,024	$ 11,748,024	$ –	$ –

	Amount at Fair Value	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
March 31, 2026				
Assets				
Investment in DOT	$ 10,016,332	$ 10,016,332	$ –	$ –

The cost basis of the investment in DOT recorded by the Trust for financial reporting purposes is the fair value of DOT at the time of purchase. The cost basis recorded by the Trust may differ from proceeds collected by the Authorized Participant (as defined below) from the sale of the corresponding Shares to investors.

Investment Transactions

The Trust considers investment transactions to be the receipt of DOT for Share creations and the delivery of DOT for Share redemptions or for payment of expenses in DOT. The Trust records its investment transactions on a trade date basis and changes in fair value are reflected as net change in unrealized appreciation or depreciation on investments and the net change in unrealized appreciation or depreciation on Sponsor Fee payable. Realized gains and losses are calculated using the specific identification method. Realized gains and losses are recognized in connection with transactions including redemption of Shares, settling obligations for the Sponsor Fee and the in-kind liabilities paid in connection to the Sponsor Fee in DOT.

The Trust earns staking rewards by delegating a portion of its DOT on the Polkadot Network's proof-of-stake consensus protocol. The Sponsor has entered into contractual arrangements with Coinbase Crypto Services, LLC ("Coinbase Crypto") and Figment Inc., an Ontario corporation ("Figment" and together with Coinbase Crypto, the "Staking Services Providers"), to facilitate the staking of the Trust's DOT. Each Staking Services Provider that generates staking rewards is entitled to compensation determined as a portion of the staking rewards ("Staking Provider Consideration"). The Staking Provider Consideration is paid directly to the Staking Services Provider from the staking rewards. The Sponsor, Staking Services Provider and DOT Custodians are expected to receive an aggregate of 26.5% of the staking rewards, with the remainder expected to be distributed directly to Shareholders. Staking rewards represent variable consideration based on a variety of factors such as the amount of the DOT holdings the Trust has made available to the network, the staking yield, and other factors, for its contribution to the network. The Trust retains control of its DOT throughout the staking process. The delegation of DOT for staking purposes does not constitute a sale, transfer, or other derecognition event, as control of the DOT is not transferred to the validator or Staking Services Provider. Staking rewards are recorded as staking income recognized at fair value when earned. Because the Trust is not the principal to the block validation service, it does not control the full output of the reward-generating activity, and instead earns net staking rewards, after the Staking Provider Consideration is deducted ("Staking Rewards"). The rewards owed or paid to the Staking Services Providers reduce the amount of DOT rewards that are generated from the Trust's staking activities ("Staking Activities") that are available in the assets of the Trust. As such, the Trust presents staking rewards on a net basis, reflecting the transaction cost and only the portion of protocol rewards to which it is entitled. Staking Rewards are received in general daily at the DOT Custodians' accounts, as earned. The unbonding period for staked DOT is between 24 to 48 hours. The Sponsor may request that the Trust's staked DOT be unstaked at any time, with the Trust's DOT becoming available for transfer upon completion of the applicable unbonding period. The Trust's staked DOT is unable to be moved on the blockchain or traded during this period.

The Trust recognizes Staking Rewards as revenue in accordance with ASC Topic 606, Revenue from Contracts with Customers ("ASC 606"). Under the staking arrangements, the validator (e.g., the Custodian or other Staking Services Providers) is considered the customer, as it receives access to the Trust's staking capacity (i.e., the delegation of DOT), which represents the Trust's performance obligation. In exchange, the Trust is entitled to staking rewards generated by the Polkadot Network, net of validator fees. Staking rewards represent variable consideration, as the amount of rewards is not known until the applicable validation activities are completed, and the Trust receives rewards in its custodial account. The contract term is the length of each staking epoch. Staking rewards are recognized as revenue when the Trust satisfies its performance obligations. Staking rewards are received in DOT, which represents non-cash consideration. Non-cash consideration is measured at fair value at the date of inception of each contract in accordance with ASC 606.

Temporary lock-up periods or transfer restrictions from staking could limit the Trust's ability to meet redemptions. For the three months ended September 30, 2026, the Trust staked an average of 80.70% of its DOT holdings on a daily basis. For the six months ended September 30, 2026, the Trust staked an average of 81.25% of its DOT holdings on a daily basis. As of September 30, 2026 and March 31, 2026, the Trust had staked 77.29% and 92.40%, respectively, of its DOT holdings. The staked percentage as of any particular date, including at the end of a reporting period, may differ from the quarterly average.

The Sponsor Fee payable is settled in DOT. The liability is remeasured at each reporting date by reference to the fair value of the DOT required to settle it, with the effect of remeasurement recognized in net change in unrealized appreciation (depreciation) on the Sponsor Fee payable. On settlement, the difference between the carrying amount of the liability and the fair value of the DOT delivered is recognized as a net realized gain (loss) on in-kind liabilities paid.

Distributions to Shareholders

The Trust pays cash distributions to Shareholders at least quarterly. Distributions are funded from staking rewards earned on the Trust's DOT holdings. Staking Rewards are recognized as income by the Trust on a daily basis as they accrue and are reflected in the Trust's NAV prior to distribution.

Distributions to Shareholders are recorded on the ex-dividend date, which also serves as the record date. Shareholders of record as of the ex-dividend date are entitled to receive distributions paid on the applicable payment date. The amount of each distribution is based on the staking rewards actually earned by the Trust during the relevant period, net of the Staking Provider Consideration and the Staking Fee (as defined below). Distributions are reflected as a reduction of net assets as of the ex-dividend date.

The tax character of distributions is determined annually in accordance with U.S. federal income tax principles, which may differ from the treatment of such amounts for GAAP purposes. Any differences between the tax and book distributable amounts are reclassified within the components of net assets at year-end.

During the six months ended September 30, 2026, the Trust made cash distributions to Shareholders derived from a portion of the DOT received as Staking Rewards from the Trust's Staking Activities, including $65,409 or $0.090846 per Share, on May 14, 2026, and $42,101 or $0.056134 per Share, on June 29, 2026, for aggregate distributions paid of $107,510 or $0.146980 per Share. The Trust also declared a distribution of $36,023 or $0.045029 per Share on September 29, 2026. The distributions reduced the Trust's DOT holdings through the sale of DOT to generate cash. As of September 30, 2026, the distribution declared on September 29, 2026 had not yet been paid and is reflected as Distribution payable of $36,024 on the Statements of Assets and Liabilities.

Calculation of NAV and NAV per Share

On each day other than when the Exchange is closed for regular trading (a "Business Day"), as soon as practicable after 4:00 p.m. ET, the NAV of the Trust is obtained by subtracting all accrued fees, expenses and other liabilities of the Trust from the value of the DOT and other assets held by the Trust based on the Pricing Benchmark price. The Administrator computes the NAV per Share by dividing the NAV of the Trust by the number of Shares outstanding on the date the computation is made.

Federal Income Taxes

The Sponsor and the Trustee will treat the Trust as a "grantor trust" for U.S. federal income tax purposes. As a grantor trust, the Trust can undertake only certain types of activities. For example, generally, the Trust cannot vary its investment portfolio to take advantage of market fluctuations. The Trust may receive income from investment activities that do not require such decision-making. If staking is treated for U.S. federal income tax purposes as a passive ministerial and administrative activity, it should be permissible for the Trust. To that end, on November 10, 2025, the U.S. Treasury Department and the IRS issued a revenue procedure that provided a safe harbor for trusts that otherwise qualify as investment trusts and as grantor trusts to stake their digital assets without jeopardizing their tax status as investment trusts and grantor trusts for U.S. federal income tax purposes. The revenue procedure provides specific requirements that must be satisfied by a Trust in order to be eligible to rely on the safe harbor. The Trust intends to operate so it will qualify to be treated for U.S. federal income tax purposes as a grantor trust.

Because the treatment of staking in a grantor trust, including interpretation of the requirements under the safe harbor, is still developing, there remains a risk of adverse regulatory or legal determinations that could affect the tax treatment of the Trust as a grantor trust or affect the Trust's operations.

Each beneficial owner of Shares will be treated as directly owning its pro rata share of the Trust's assets and will be treated as if it directly received a pro rata portion of the Trust's income, gain, losses and deductions. If the Trust sells DOT (for example, to pay fees or expenses), such a sale is a taxable event to the shareholders of the Trust ("Shareholders"). Upon a Shareholder's sale of its Shares, the Shareholder will be treated as having sold the pro rata share of the DOT held in the Trust at the time of the sale and recognizes a gain or loss on such sale.

The Sponsor has reviewed the tax positions as of September 30, 2026 and March 31, 2026, and has determined that no provision for income tax is required in the Trust's financial statements.

Segment Reporting

The Trust operates in one segment. The segment derives its revenues from Trust investments made in accordance with the defined investment strategy of the Trust, as prescribed in the Trust's prospectus. The Chief Operating Decision Maker ("CODM") is the Chief Executive Officer of the Sponsor. The CODM monitors the operating results of the Trust. The financial information that the CODM leverages to assess the segment's performance and to make decisions for the Trust's single segment is consistent with the financial information that is presented within the Trust's financial statements. Segment assets are reflected on the accompanying Statements of Assets and Liabilities as Total assets and the only significant segment expenses, the Sponsor Fee and the Staking Fee, are included in the accompanying Statements of Operations.

4. Trust Expenses

The Trust pays the unitary Sponsor fee of 0.30% of the Trust's NAV (the "Sponsor Fee"). Prior to March 6, 2026, the Trust paid a unitary Sponsor fee of 2%. The Sponsor Fee is paid by the Trust to the Sponsor as compensation for services performed under the Trust Agreement. The Sponsor Fee accrues daily and is payable in DOT at least quarterly in arrears. The Administrator calculates the Sponsor Fee on a daily basis by applying an annualized rate to the Trust's NAV and the amount of DOT payable in respect of each daily accrual is determined by reference to the Pricing Benchmark. The Sponsor has agreed to pay all operating expenses (except for litigation expenses and other extraordinary expenses) out of the Sponsor Fee. The Trust incurred a Sponsor Fee for the three months ended September 30, 2026, and 2025 of $6,269 and $139,750, respectively. The Trust incurred a Sponsor Fee for the six months ended September 30, 2026, and 2025 of $13,830 and $280,053, respectively. The accrued liability at September 30, 2026, and March 31, 2026 was $291 and $57,595, respectively.

As partial consideration for receipt of the Sponsor Fee, the Sponsor shall assume and pay all fees and other expenses incurred by the Trust in the ordinary course of its affairs, excluding taxes, but including (i) the fee payable to the marketing agent for services it provides to the Trust (the "Marketing Fee"), (ii) fees to the Administrator, if any, (iii) fees to the DOT Custodians, (iv) fees to the Transfer Agent, (v) fees to the Trustee, (vi) the fees and expenses related to any future listing, trading or quotation of the Shares on any listing exchange or quotation system (including legal, marketing and audit fees and expenses), (vii) ordinary course legal fees and expenses but not litigation-related expenses, (viii) audit fees, (ix) regulatory fees, including, if applicable, any fees relating to the registration of the Shares under the Securities Act or the Securities Exchange Act of 1934 as amended (the "Exchange Act"), (x) printing and mailing costs, (xi) costs of maintaining the Sponsor's website and (xii) applicable license fees (each, a "Sponsor-paid Expense," and together, the "Sponsor-paid Expenses"), provided that any expense that qualifies as an Additional Trust Expense will be deemed to be an Additional Trust Expense and not a Sponsor-paid Expense. There is currently no predetermined cap on the aggregate amount of Sponsor-paid expenses. Should the Trust implement a predetermined cap on aggregate Sponsor-paid expenses, the Trust will notify the owners of the beneficial interests of Shares in a prospectus supplement or in its periodic Exchange Act reports, as applicable.

The Sponsor will not, however, assume certain extraordinary, non-recurring expenses that are not Sponsor-paid Expenses, including, but not limited to, taxes and governmental charges, expenses and costs of any extraordinary services performed by the Sponsor (or any other service provider) on behalf of the Trust to protect the Trust or the interests of Shareholders, any indemnification of the DOT Custodians, Administrator or other agents, service providers or counter-parties of the Trust, the fees and expenses related to the initial listing of Shares on the Exchange, and extraordinary legal fees and expenses, including any legal fees and expenses incurred in connection with litigation, regulatory enforcement or investigation matters (collectively, "Additional Trust Expenses"). Of the Sponsor-paid Expenses, ordinary course legal fees and expenses shall be subject to a cap of $100,000 per annum. In the Sponsor's sole discretion, all or any portion of a Sponsor-paid Expense may be re-designated as an Additional Trust Expense if, among other reasons, the Sponsor determines that a Sponsor-paid Expense is an extraordinary, non-recurring expense of the Trust. Should such a change take place, the Trust will notify the owners of the beneficial interests of Shares in a prospectus supplement or in its periodic Exchange Act reports, as applicable. Pursuant to the Trust Agreement, the Sponsor or its delegates will direct the DOT Custodians to transfer DOT from the Trust's Cold Vault Balance as needed to pay the Sponsor Fee and Additional Trust Expenses, if any. The Sponsor or its delegates will endeavor to transfer the smallest amount of DOT needed to pay applicable expenses. The Trust shall not be responsible for paying any fees or expenses associated with the transfer of DOT as needed to pay the Sponsor Fee or Additional Trust Expenses.

In consideration for the Sponsor's facilitation of staking, the Trust pays a portion of the staking rewards generated by the Trust's Staking Activities after deduction of the Staking Provider Consideration to the Sponsor ("Staking Fee"). Prior to Shares being listed on the Exchange on March 6, 2026, the Trust paid 15% of the staking rewards generated by the Trust's Staking Activities after deduction of the Staking Provider Consideration to the Sponsor. Following the listing of the Shares on the Exchange, the Sponsor, Staking Services Providers and DOT Custodians are expected to receive 26.5% of the staking rewards, with the remainder expected to be distributed directly to Shareholders. The Staking Fee is accrued in DOT and converted to U.S. Dollars by reference to the Pricing Benchmark and is payable in DOT at least quarterly in arrears. The Trust incurred a Staking Fee for the three months ended September 30, 2026, and 2025 of $8,791 and $37,548, respectively. The Trust incurred a Staking Fee for the six months ended September 30, 2026, and 2025 of $36,810 and $76,331, respectively. The accrued liability at September 30, 2026, and March 31, 2026 was $25,681 and $16,234, respectively.

To the extent that the Sponsor does not voluntarily assume expenses, they will be the responsibility of the Trust. The Sponsor also pays the costs of the Trust's organization and offering. The Trust is not obligated to repay any such costs related to the Trust's organization and offering paid by the Sponsor.

5. Creation and Redemption of Shares

The Trust creates and redeems Shares on a continuous basis but only in blocks consisting of 10,000 Shares (a "Creation Basket") or multiples thereof at the NAV on the date of the creation or redemption. Only Authorized Participants, which are registered broker-dealers who have entered into written agreements with the Sponsor and the Administrator, can place orders.

Authorized Participants may purchase Shares in cash by depositing cash in the Trust's account with the Cash Custodian. This will cause the Sponsor, on behalf of the Trust, to automatically instruct a DOT Counterparty, to (i) purchase the amount of DOT equivalent in value to the cash deposit amount associated with the order and (ii) deposit the resulting DOT amount in the Trust's accounts with the DOT Custodians, resulting in the Transfer Agent crediting the applicable amount of Shares to the Authorized Participant. Authorized Participants may also purchase Shares in-kind. To purchase Shares in-kind, an Authorized Participant delivers, or arranges for the delivery by the Authorized Participant's designee of, DOT to the Trust's accounts with a DOT Custodian in exchange for Shares.

When such an Authorized Participant redeems its Shares in cash, the Sponsor, on behalf of the Trust will direct a DOT Custodian to transfer DOT to a DOT Counterparty, who will sell the DOT to be executed, in the Sponsor's reasonable efforts, at the Pricing Benchmark price used to calculate the Trust's NAV, taking into account any spread, commissions, or other trading costs and deposit the cash proceeds of such sale in the Trust's account with the Cash Custodian for settlement with the Authorized Participant. Any slippage incurred (including, but not limited to, any trading fees, spreads, or commissions), on a cash equivalent basis, will be the responsibility of the Authorized Participant and not of the Trust or Sponsor. Authorized Participants may also redeem Shares in-kind. When such an Authorized Participant redeems Shares in-kind, the Trust, through a DOT Custodian, will deliver DOT to the Authorized Participant or its designee in exchange for Shares.

Pursuant to a subscription agreement, on January 3, 2025, the Purchaser purchased from the Trust 600,000 Shares, which have been adjusted to reflect the effect of the Reverse Share Split, representing fractional undivided beneficial interests in the net assets of the Trust, for an aggregate purchase price equivalent to $52,631,796 in DOT.

For a period ending two (2) years after March 5, 2026 (the "Lock-up Period"), the Purchaser has agreed that it shall not, without the prior written consent of the Sponsor, sell, transfer, assign, pledge, hypothecate or otherwise dispose of any of the Shares it holds, nor will the Purchaser seek to have the Trust or the Sponsor redeem its Shares during the Lock-up Period. Following expiration of the Lock-up Period, the Purchaser may, to the extent permitted by applicable laws, be permitted to redeem Shares in accordance with the Trust Agreement.

6. Related Parties

The Sponsor is a related party to the Trust. The Trust's operations are supported by its Sponsor, who is in turn supported by its parent company and affiliated companies and external service providers.

On March 5, 2026, the Seed Creation Investor, purchased the Seed Creation Baskets at a price of $18.48 per Share. Total proceeds to the Trust from the sale of the Seed Creation Baskets were $369,671. Delivery of the Seed Creation Baskets was made on March 5, 2026.

As of September 30, 2026 and March 31, 2026, the Sponsor owned zero Shares of the Trust.

The Sponsor arranged for the creation of the Trust and is responsible for the ongoing registration of the Shares for their public offering in the United States and the listing of Shares on the Exchange.

(2) Calculated using average Shares outstanding.

(3) The amount shown for a Share outstanding throughout the period may not agree with the change in the aggregate gains and losses for the period because of the timing of sales and repurchases of the Trust's Shares in relation to fluctuating market values for the Trust.

(4) Total return is calculated based on the change in value during the period and is not annualized. An individual Shareholder's return and ratios may vary from the above total returns and ratios based on the timing of capital contributions to and withdrawals from the Trust.

(5) Annualized.

(6) Not Annualized.

8. Commitments and Contingent Liabilities

In the normal course of business, the Trust may enter into contracts that contain a variety of general indemnification clauses. The Trust's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Trust which have not yet occurred and cannot be predicted with any certainty. However, the Sponsor believes the risk of loss under these arrangements to be remote.

9. Concentration Risk

Unlike other funds that may invest in diversified assets, the Trust's investment strategy is concentrated in a single asset within a single asset class. This concentration maximizes the degree of the Trust's exposure to a variety of market risks associated with DOT and digital assets. By concentrating its investment strategy solely in DOT, any losses suffered as a result of a decrease in the value of DOT can be expected to reduce the value of an interest in the Trust and will not be offset by other gains if the Trust were to invest in underlying assets that were diversified.

10. Indemnification

The Sponsor will not be liable to the Trust, the Trustee or any Shareholder for any action taken or for refraining from taking any action in good faith, or for errors in judgment or for depreciation or loss incurred by reason of the sale of any DOT or other assets of the Trust. However, the preceding liability exclusion will not protect the Sponsor against any liability resulting from its own gross negligence, bad faith, or willful misconduct.

The Sponsor and each of its Shareholders, members, directors, officers, employees, affiliates, and subsidiaries will be indemnified by the Trust and held harmless against any losses, liabilities or expenses incurred in the performance of its duties under the Trust Agreement without gross negligence, bad faith, or willful misconduct. The Sponsor may rely in good faith on any paper, order, notice, list, affidavit, receipt, evaluation, opinion, endorsement, assignment, draft, or any other document of any kind prima facie properly executed and submitted to it by the Trustee, the Trustee's counsel or by any other person for any matters arising under the Trust Agreement. The Sponsor shall in no event be deemed to have assumed or incurred any liability, duty, or obligation to any Shareholder or to the Trustee other than as expressly provided for in the Trust Agreement. Such indemnity includes payment from the Trust of the costs and expenses incurred in defending against any indemnified claim or liability under the Trust Agreement.

The Trustee will not be liable or accountable to the Trust or any other person or under any agreement to which the Trust or any series of the Trust is a party, except for the Trustee's breach of its obligations pursuant to the Trust Agreement or its own willful misconduct, bad faith or gross negligence. The Trustee and each of the Trustee's officers, affiliates, directors, employees, and agents will be indemnified by the Trust from and against any losses, claims, taxes, damages, reasonable expenses, and liabilities incurred with respect to the creation, operation or termination of the Trust, the execution, delivery or performance of the Trust Agreement or the transactions contemplated thereby; provided that the indemnified party acted without willful misconduct, bad faith or gross negligence.

11. Subsequent Events

The Trust has evaluated all subsequent events and transactions for potential recognition or disclosure through the issuance of the financial statements and has noted no events requiring adjustment or additional disclosure in the financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This information should be read in conjunction with the financial statements and notes included in Item 1 of Part I of this Form 10-Q. This Form 10-Q contains "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act, and such forward-looking statements involve risks and uncertainties. All statements (other than statements of historical fact) included in this Form 10-Q that address activities, events or developments that may occur in the future, the Trust's operations, the Sponsor's plans and references to the Trust's future success and other similar matters are forward-looking statements. Words such as "could," "would," "may," "expect," "intend," "estimate," "predict," and variations on such words or negatives thereof, and similar expressions that reflect our current views with respect to future events and Trust performance, are intended to identify such forward-looking statements. These forward-looking statements are only predictions, subject to risks and uncertainties that are difficult to predict and many of which are outside of our control, and actual results could differ materially from those discussed. Forward-looking statements involve risks and uncertainties that could cause actual results or outcomes to differ materially from those expressed therein. We express our estimates, expectations, beliefs, and projections in good faith and believe them to have a reasonable basis. However, we make no assurances that management's estimates, expectations, beliefs, or projections will be achieved or accomplished. These forward-looking statements are based on assumptions about many important factors that could cause actual results to differ materially from those in the forward-looking statements. We do not intend to update any forward-looking statements even if new information becomes available or other events occur in the future, except as required by the federal securities laws.

Organization and Trust Overview

The Trust is a Delaware statutory trust, formed on October 29, 2024 pursuant to the DSTA. The Trust was initially registered with the name of Jura Pentium Trust 3. The Trust changed its name from Jura Pentium Trust 3 to 21Shares Polkadot Trust on December 19, 2024. The Trust changed its name from 21Shares Polkadot Trust to 21Shares Polkadot ETF on September 16, 2025. The Trust changed its name from 21Shares Polkadot ETF to 21Shares Polkadot Staking ETF on August 25, 2026. The Trust operates pursuant to the Trust Agreement. The Trust is not registered as an investment company under the 1940 Act and is not a commodity pool for purposes of the Commodity Exchange Act. The Trust is managed and controlled by the Sponsor. The Sponsor is a limited liability company formed in the state of Delaware on June 16, 2021, and is a wholly owned subsidiary of 21co Holdings Limited. The ultimate parent company of 21co Holdings Limited is FalconX. The Sponsor is not subject to regulation by the Commodity Futures Trading Commission as a commodity pool operator with respect to the Trust, or a commodity trading advisor with respect to the Trust. The Trust is an exchange-traded fund that issues common shares of beneficial interest representing fractional undivided beneficial interests in its net assets that trade on the Exchange under the ticker symbol "TDOT".

The Trust's investment objective is to seek to track the performance of DOT, as measured by the performance of the Pricing Benchmark, as adjusted for the Trust's expenses and other liabilities, and to reflect rewards from staking a portion of the Trust's DOT, to the extent the Sponsor in its sole discretion determines that the Trust may do so without undue legal or regulatory risk, such as, without limitation, the risk of jeopardizing the Trust's ability to qualify as a grantor trust for tax purposes. The Pricing Benchmark is calculated by Pricing Benchmark Provider based on the volume weighted average price across qualifying DOT spot markets. The Pricing Benchmark is designed to reflect the performance of DOT in U.S. dollars. In seeking to achieve its investment objective, the Trust holds DOT and values its Shares daily as of 4:00 p.m. ET based on the Pricing Benchmark. Prior to August 27, 2026, the Trust used the Prior Pricing Benchmark. On August 20, 2026, the Sponsor entered into a licensing agreement between the Sponsor and the Pricing Benchmark Provider relating to the use of the Pricing Benchmark and on August 27, 2026, the Trust began valuing its Shares and calculating its net asset value by reference to the Pricing Benchmark. Accordingly, the change in pricing benchmark provider had no material impact on the Trust's net asset value, the fair value measurement of the Trust's DOT, or the Trust's results of operations, and does not represent a change in accounting principle. The change was applied prospectively from the date the successor benchmark became effective.

Pursuant to a subscription agreement, on January 3, 2025, Web 3.0 Technologies Foundation, a Swiss Stiftung purchased from the Trust 600,000 Shares for an aggregate purchase price equivalent to $52,631,796 in DOT.

On March 4, 2026, the Trust announced that the Sponsor approved a four (4)-for-one (1) reverse share split (the "Reverse Share Split") of all of the Trust's outstanding Shares. In connection with the Reverse Share Split, every four Shares that were held by the Trust's beneficial owners (the "Record Holders") at the close of business on March 4, 2026, automatically combined into one Share after market close on March 4, 2026. In addition, each Record Holder continued to hold the same percentage of the Trust's outstanding Shares as held immediately prior to the Share Split, and the Reverse Share Split did not modify the rights or preferences of the Shares. The investment objective, strategy, and underlying holdings of the Trust remained unchanged.

On March 5, 2026, 21Shares US LLC (in such capacity, the "Seed Creation Investor"), purchased initial seed creation baskets comprising 20,000 Shares (the "Seed Creation Baskets") at a price of $18.48 per Share. Total proceeds to the Trust from the sale of the Seed Creation Baskets were $369,671. Delivery of the Seed Creation Baskets was made on March 5, 2026. The proceeds of the sale were used by the Trust to purchase DOT immediately prior to the listing of the Shares on the Exchange.

The Trust issues Shares only in Creation Baskets of 10,000 or multiples thereof. Creation Baskets are issued and redeemed in exchange for cash or in-kind for DOT. Individual Shares will not be redeemed by the Trust but are listed and traded on the Exchange under the ticker symbol "TDOT." The Trust issues Shares in Creation Baskets on a continuous basis at the applicable NAV per Share on the creation order date.

The Trust pays the unitary Sponsor Fee of 0.30% of the Trust's NAV. Prior to March 6, 2026, the Trust paid a unitary Sponsor fee of 2%. The Sponsor Fee is paid by the Trust to the Sponsor as compensation for services performed under the Trust Agreement. The Sponsor Fee accrues daily and is payable in DOT at least quarterly in arrears. The Administrator calculates the Sponsor Fee on a daily basis by applying an annualized rate to the Trust's NAV, and the amount of DOT payable in respect of each daily accrual is determined by reference to the Pricing Benchmark. The Sponsor has agreed to pay all operating expenses (except for litigation expenses and other extraordinary expenses) out of the Sponsor Fee.

The Trust is an "emerging growth company" as that term is used in the Securities Act, and, as such, the Trust may elect to comply with certain reduced public company reporting requirements.

Staking

The Trust's staking model aims to maximize the portion of the Trust's DOT available for staking while controlling for liquidity and redemption risks. The model determines an optimal utilization rate by balancing expected yield against potential costs (including borrowing costs during redemptions, assuming we have access to suitable credit).

The Staking Services Providers exercise no discretion as to the amount of the Trust's DOT to be staked or the timing of the Trust's Staking Activities. While the Trust may stake a maximum of 100% of its DOT holdings, the amount of DOT that remains unstaked is determined based on the Trust's utilization rate analysis and accordingly may vary from time to time. Based on utilization rate analysis applied to historical data, the Trust generally intends to stake between 40% and 95% of the DOT it holds, although the amount of DOT that is staked may be lesser or greater from time to time. The precise percentage to be staked is based on the estimated liquidity needs of the Trust and other factors, as determined by the Sponsor.

The rewards owed or paid to the Staking Services Providers reduce the amount of DOT rewards that are generated from the Trust's Staking Activities that are available in the assets of the Trust. Each Staking Services Provider that generates staking rewards is entitled to compensation determined as a portion of the staking rewards (the "Staking Provider Consideration"). The Sponsor, Staking Services Provider and DOT Custodians are expected to receive 26.5% of the staking rewards, with the remainder expected to be distributed directly to Shareholders at least quarterly in the form of cash distributions.

The amount of any distribution, if any, will depend on the staking rewards actually earned by the Trust during each quarter and cannot be predicted with certainty. The amount of staking rewards earned will vary based on factors including, but not limited to, the amount of DOT held by the Trust, the percentage of the Trust's DOT that is staked, network staking participation rates, protocol reward rates on the Polkadot Network, and network conditions. Accordingly, there can be no assurance as to the amount of distributions that will be paid in any quarter, and it is possible that no distributions will be paid in a given quarter.

While operating as a private trust, the Trust paid 15% of the Trust's staking rewards to the Sponsor. Following the listing of the Shares on the Exchange, the Sponsor, Staking Services Providers and DOT Custodians are expected to receive 26.5% of the staking rewards, with the remainder expected to be distributed directly to Shareholders.

Calculation of NAV and NAV per Share

The NAV of the Trust is used by the Trust in its day-to-day operations to measure the net value of the Trust's assets. The NAV is calculated on each Business Day and is equal to the aggregate value of the Trust's assets less its liabilities based on the Pricing Benchmark price. In determining the NAV of the Trust on any Business Day, the Administrator calculates the price of the DOT held by the Trust as of 4:00 p.m. ET on such day. The Administrator also calculates the "NAV per Share" of the Trust, which equals the NAV of the Trust divided by the number of outstanding Shares.

In addition to calculating NAV and NAV per Share, for purposes of the Trust's financial statements, the Trust determines the Principal Market NAV and Principal Market NAV per Share on each valuation date for such financial statements. The determination of the Principal Market NAV and Principal Market NAV per Share is identical to the calculation of NAV and NAV per Share, respectively, except that the value of DOT is determined using the fair value of DOT based on the price in the DOT market that the Trust considers its "principal market" as of 4:00 p.m. ET on the valuation date, rather than using the Pricing Benchmark.

NAV and NAV per Share are not measures calculated in accordance with accounting principles generally accepted in the United States of America ("GAAP") and are not intended as substitutes for Principal Market NAV and Principal Market NAV per Share, respectively.

Critical Accounting Estimates

The financial statements and accompanying notes are prepared in accordance with GAAP. The preparation of these financial statements relies on estimates and assumptions that impact the Trust's financial position and results of operations. These estimates and assumptions affect the Trust's application of accounting policies. Below is a summary of accounting policies on cash and investment valuation. There were no material estimates involving a significant level of estimation uncertainty that had or are reasonably likely to have had a material impact on the Trust's financial condition used in the preparation of the financial statements. In addition, please refer to Note 2 to the Financial Statements included in this report for further discussion of the Trust's accounting policies.

Cash

Cash includes non-interest bearing, non-restricted cash maintained with one financial institution that does not exceed U.S. federally insured limits.

Investment Valuation

The Trust's policy is to value investments held at fair value. The Trust follows the provisions of ASC 820, Fair Value Measurements ("ASC 820"). ASC 820 provides guidance for determining fair value and requires increased disclosure regarding the inputs to valuation techniques used to measure fair value. ASC 820 determines fair value to be the price that would be received for DOT in a current sale, which assumes an exit price resulting from an orderly transaction between market participants on the measurement date. ASC 820-10 requires the assumption that DOT is sold in its principal market to market participants (or in the absence of a principal market, the most advantageous market).

The Trust utilizes an exchange traded price from the Trust's principal market for DOT as of 4:00 p.m. ET on the Trust's financial statement measurement date.

Results of Operations

For the Three Months Ended September 30, 2026

The Trust's Principal Market NAV increased from $7,394,575 on June 30, 2026 to $11,722,052 on September 30, 2026, a 58.52% increase. The increase in the Trust's Principal Market NAV resulted primarily from a 48.58% increase in the price of DOT, which rose from $0.8220 on June 30, 2026 to $1.2213 on September 30, 2026. The increase was further amplified by a net increase in outstanding Shares, which increased from 750,000 on June 30, 2026 to 800,000 on September 30, 2026, as a result of 50,000 Shares (5 Baskets) being created and no Shares being redeemed during the quarter. The Trust had 77.29% of its DOT holdings staked as of September 30, 2026, with an average of 80.70% staked on a daily basis during the quarter.

Net increase in net assets resulting from operations for the three months ended September 30, 2026 was $3,700,345, resulting from a net change in unrealized appreciation on investment in DOT of $3,853,315, a net change in unrealized appreciation on Sponsor Fee payable of $369, and a net investment income of $19,519, partially offset by a net realized loss on in-kind liabilities paid of $(2,736), a net realized loss of $(33,878) on DOT sold to pay expenses and a net realized loss of $(136,244) on DOT sold for income distribution. Net investment income comprised Staking Rewards of $34,579, less the Sponsor Fee of $6,269 and the Staking Fee of $8,791. In addition to net assets resulting from operations, the Trust declared total staking income distribution of $36,024, or $0.045029 per Share on September 29, 2026 to Shareholders during the quarter. Except for the Sponsor Fee and Staking Fee, the Trust had no other expenses during the quarter.

For the Three Months Ended September 30, 2025

The Trust's Principal Market NAV increased from $23,971,573 on June 30, 2025 to $27,395,539 on September 30, 2025, a 14.28% increase. The increase in the Trust's Principal Market NAV resulted primarily from a 12.96% increase in the price of DOT, which rose from $3.4275 on June 30, 2025 to $3.8719 on September 30, 2025. During the quarter, there was no change in outstanding Shares.

Net increase in net assets resulting from operations for the three months ended September 30, 2025 was $3,423,966, resulting from a net change in unrealized appreciation on investment in DOT of $3,119,767 and net investment income of $316,190, partially offset by and a net change in unrealized depreciation on Sponsor Fee payable of $(11,991). Net investment income comprised staking income of $493,488, less the Sponsor Fee of $139,750 and the Staking Fee of $37,548. Other than the Sponsor Fee and Staking Fee, the Trust had no other expenses during the quarter.

For the Six Months Ended September 30, 2026

The Trust's Principal Market NAV increased from $9,942,503 on March 31, 2026 to $11,722,052 on September 30, 2026, a 17.90% increase. The increase in the Trust's Principal Market NAV resulted primarily from a net increase in outstanding Shares, which increased from 650,000 on March 31, 2026 to 800,000 on September 30, 2026, as a result of 180,000 Shares (18 Baskets) being created and 30,000 Shares (3 Baskets) being redeemed during the period. The increase was partially offset by a 3.68% decrease in the price of DOT, which fell from $1.2680 on March 31, 2026 to $1.2213 on September 30, 2026. The Trust had 77.29% of its DOT holdings staked as of September 30, 2026, with an average of 81.25% staked on a daily basis during the period.

Net decrease in net assets resulting from operations for the six months ended September 30, 2026 was $(136,750), resulting from a net realized loss on in-kind liabilities paid of $(4,672), a net realized loss of $(287,295) on DOT sold to pay the Sponsor Fee, a net realized loss of $(1,759,293) on DOT sold for the cash redemption of Shares, and a net realized loss of $(621,797) on DOT sold for income distributions, partially offset by a net investment income of $87,064, a net change in unrealized appreciation on investment in DOT of $2,432,892, and a net change in unrealized appreciation on Sponsor Fee payable of $16,351. Net investment income comprised Staking Rewards of $137,704, less the Sponsor Fee of $13,830 and the Staking Fee of $36,810. In addition to net assets resulting from operations, the Trust paid total staking income distributions of $107,510 ($0.090846 per Share on May 14, 2026 and $0.056134 per Share on June 29, 2026). The Trust declared a staking income distribution of $36,024, or $0.045029 per Share on September 29, 2026 to Shareholders during the period. Except for the Sponsor Fee and Staking Fee, the Trust had no other expenses during the period.

For the Six Months Ended September 30, 2025

The Trust's Principal Market NAV decreased from $28,110,800 on March 31, 2025 to $27,395,539 on September 30, 2025, a 2.54% decrease. The decrease in the Trust's Principal Market NAV resulted primarily from a 4.79% decrease in the price of DOT, which fell from $4.0667 on March 31, 2025 to $3.8719 on September 30, 2025. During the period, there was no change in outstanding Shares.

Net decrease in net assets resulting from operations for the six months ended September 30, 2025 was $(715,261), resulting from a net realized loss of $(190,080) on DOT sold to pay expenses, a net realized loss on in-kind liabilities paid of $(23,501), and a net change in unrealized depreciation on investment in DOT of $(1,169,193), partially offset by a net change in unrealized appreciation on Sponsor Fee payable of $20,689 and a net investment income of $646,824. Net investment income comprised staking income of $1,003,208, less the Sponsor Fee of $280,053 and the Staking Fee of $76,331. Other than the Sponsor Fee and Staking Fee, the Trust had no other expenses during the period.

Liquidity and Capital Resources

The Trust is not aware of any trends, demands, commitments, events, or uncertainties that are reasonably likely to result in material changes to its liquidity needs. The Trust's only ordinary recurring expenses are the Sponsor Fee and the Staking Fee. In exchange for the Sponsor Fee, the Sponsor has agreed to assume the ordinary fees and expenses incurred by the Trust, including but not limited to the following: fees charged by the Administrator, the DOT Custodians, the Transfer Agent and the Trustee, the Marketing Fee, the Exchange's listing fees, typical maintenance and transaction fees of the DTC, SEC registration fees, printing and mailing costs, website fees, tax reporting fees, audit fees, license fees and expenses, up to $100,000 per annum in ordinary legal fees and expenses. The Sponsor bears expenses in connection with the Trust's organization and initial offering costs.

The Sponsor is not required to pay Additional Trust Expenses, including certain extraordinary or non-recurring expenses described in Note 4 to the financial statements. The Trust will be responsible for such expenses to the extent incurred and not voluntarily assumed by the Sponsor. As described in Note 4, the Sponsor may, in its sole discretion, redesignate all or a portion of a Sponsor-paid Expense as an Additional Trust Expense, including if the Sponsor determines that the expense is extraordinary and non-recurring. The Sponsor Fee is payable in DOT, and the Sponsor directs a Custodian to transfer DOT to the Sponsor to satisfy the accrued fee. The Trust may sell DOT as needed to pay other expenses for which it is responsible.

Off-Balance Sheet Arrangements

The Trust does not have any off-balance sheet arrangements.

Item 3. Quantitative and Qualitative Disclosures about Market Risks

The Trust is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information otherwise required under this item.

Item 4. Controls and Procedures

The duly authorized officers of the Sponsor performing functions equivalent to those a principal executive officer and principal financial officer of the Trust would perform if the Trust had any officers, have evaluated the effectiveness of the Trust's disclosure controls and procedures, and have concluded that the disclosure controls and procedures of the Trust were effective as of the end of the period covered by this report to provide reasonable assurance that information required to be disclosed in the reports that the Trust files or submits under the Exchange Act, is recorded, processed, summarized and reported, within the time periods specified in the applicable rules and forms, and that it is accumulated and communicated to the duly authorized officers of the Sponsor performing functions equivalent to those a principal executive officer and principal financial officer of the Trust would perform if the Trust had any officers, as appropriate to allow timely decisions regarding required disclosure.

There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures.

Changes in Internal Control over Financial Reporting

During the quarter ended September 30, 2026, there have been no changes in our internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) promulgated under the Exchange Act, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION:

Item 1. Legal Proceedings

From time to time, the Trust may be a party to certain legal proceedings in the ordinary course of business. As of September 30, 2026, the Trust was not subject to any material legal proceedings, nor, to our knowledge, are any material legal proceedings threatened against the Trust.

Item 1A. Risk Factors

There have been no material changes to the Risk Factors last reported under "Part I, Item 1A. Risk Factors" of the Trust's Annual Report on Form 10-K filed on June 29, 2026 for the period ended March 31, 2026 and under "Part II, Item 1A. Risk Factors" of the Trust's Quarterly Report on Form 10-Q filed on August 14, 2026 for the period ended June 30, 2026.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

a) None.

b) Not applicable.

c) The Trust does not purchase Shares directly from its Shareholders. In connection with its redemption of Creation Baskets held by Authorized Participants, the Trust did not redeem any Creation Baskets during the quarter ended September 30, 2026.

Market Information

The Shares are listed on the Exchange under the symbol "TDOT" and have been listed since March 6, 2026.

Holders

As of September 30, 2026, there was approximately one DTC participating Shareholder of record of the Trust. Because most of the Trust's Shares are held by brokers and other institutions on behalf of Shareholders, we are unable to estimate the total number of Shareholders represented by these record holders.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

No officers or directors of the Sponsor have adopted, modified or terminated trading plans under either a Rule 10b5-1 or non-Rule 10b5-1 trading arrangement (as such terms are defined in Item 408 of Regulation S-K of the Securities Act) for the quarter ended September 30, 2026.
