Item 1.01 Entry into a Material Definitive Agreement.

The Figment Staking Services Agreement

On February 4, 2026, 21Shares Solana ETF (the “Trust”) entered into a staking services agreement with Figment Inc., an Ontario corporation (“Figment” and such agreement, the “Figment Agreement”), pursuant to which Figment will engage in staking in a manner reasonably intended to generate rewards and provide reports to the Trust showing the calculation of any rewards payable by the Solana blockchain to the Trust in connection with staking by Figment (the “Services”). The term of the Figment Agreement commenced on February 4, 2026 and continues in effect until terminated in accordance with its terms.

The Trust may stake and/or unstake SOL tokens at any time in its sole discretion, subject to, respectively, bonding and unbonding periods imposed by the Solana blockchain. During any such bonding or unbonding period, SOL tokens and rewards may be unavailable to the Trust and subject to other restrictions imposed by the Solana blockchain. Accordingly, to the extent such restrictions are imposed by the Solana blockchain, Figment shall not be obligated to perform the Services with respect to those SOL tokens. Figment may, in its sole discretion, discontinue operating validator nodes for the Solana blockchain at any time upon reasonable prior written notice to the Trust.

The Figment Agreement may be terminated by either party upon written notice to the other party at any time and for any reason whatsoever. Each of Figment and the Trust must indemnify the other party and its affiliates and their respective representatives from all damages, excluding slashing penalties (other than those arising from or attributable to Figment’s gross negligence, fraud or willful misconduct) and missed rewards incurred by the indemnified party in connection with any actual or threatened third-party claim arising from or in connection with (i) the indemnifying party’s breach of the Figment Agreement or (ii) where the indemnifying party is the Trust, any breach of any provision owing to the Trust’s clients and/or otherwise involving a client of the Trust, that is made in connection with the Figment Agreement, and is not materially attributable to, or grounded in any act or omission by, Figment. Except for a party’s indemnification obligations as described above, neither party’s aggregate liability for damages to the other party or any other person will exceed the service fees collected by Figment under the Figment Agreement during the six months prior to the initial event giving rise to the damages (the “Global Cap”). For slashing penalties, Figment’s aggregate liability is limited to the service fees collected by Figment under the Figment Agreement during the six months prior to the initial slashing penalty (the “Slashing Cap”). The Slashing Cap and Global Cap will not apply to any slashing penalties arising from or attributable to Figment’s gross negligence, fraud or willful misconduct. For missed rewards, Figment’s aggregate liability is limited to the service fees collected by Figment under the Figment Agreement during the three months prior to the initial missed rewards event (the “Missed Rewards Cap”). The Slashing Cap and the Missed Rewards Cap are included in, and not in addition to, the Global Cap, and the Global Cap, Slashing Cap, and Missed Rewards Cap are each cumulative for the duration of the term of the Figment Agreement and not per event.

Provided that Figment generates staking rewards, Figment will be entitled to compensation determined as a portion of the staking rewards, which is generally expected to be a low single-digit percentage of the overall rewards amount.

The Twinstake Staking Services Agreement

On February 4, 2026, the Trust entered into a staking services agreement with Twinstake Ltd, an exempted company incorporated in the Cayman Islands (“Twinstake” and such agreement, the “Twinstake Agreement”), pursuant to which Twinstake will make a staking system and/or interface available to the Trust for the purpose of network participation, and perform certain services, including providing nodes to which the Trust can delegate SOL and providing support for eligible changes, improvements, extensions or other new versions of the Solana blockchain that are made available to the Trust in Twinstake’s sole discretion. The term of the Twinstake Agreement commenced on February 4, 2026 and continues in effect until terminated in accordance with its terms. The Twinstake Agreement may be terminated by Twinstake for any reason upon at least ninety days’ prior written notice to the Trust, and may be terminated by the Trust with immediate effect for any reason by giving written notice to Twinstake where the Trust has no digital assets delegated for staking to Twinstake. The Twinstake Agreement can also be terminated under certain circumstances for cause. The Trust must indemnify Twinstake, its affiliates and their representatives against losses arising out of (A) any breach by the Trust of (i) any representation or warranty made by the Trust under the Twinstake Agreement, or (ii) the proprietary rights provisions contained in the Twinstake Agreement; (B) any breach by the Trust, its affiliates, authorized users and/or representatives of any applicable law in its or their performance of any obligations under the Twinstake Agreement; and/or (C) any claim brought by a third party arising out of the Trust’s, its affiliates’, authorized users’ and/or representatives’: (i) breach of the Twinstake Agreement; (ii) unauthorized or improper use of the services or staking platform; or (iii) gross negligence or willful misconduct (except to the extent caused by Twinstake’s breach of the terms of the Twinstake Agreement). Subject to certain exclusions, Twinstake must indemnify The Trust, its affiliates and their representatives against losses arising out of: (A) any third-party claim against the Trust alleging that the services and/or staking platform infringe or misappropriate any intellectual property rights of any third party (an “IP Claim”) and (B) an IP Claim arising out of Twinstake’s, its affiliates’, and/or representatives’: (i) breach of the terms of the Twinstake Agreement; or (ii) gross negligence, willful misconduct or fraud (except to the extent caused by the Trust’s breach of the terms of the Twinstake Agreement). Subject to certain exceptions, in no event will either party’s (or any of their affiliates’ and representatives’) total and cumulative liability under the Twinstake Agreement exceed the total service fees paid by the Trust to Twinstake in the twelve (12) months preceding the date of the first event (or series of connected events) giving rise to such liability (the “Liability Cap”). Unless due to Twinstake’s gross negligence, fraud or willful misconduct with respect to slashing penalties, Twinstake’s and its affiliates’ maximum aggregate liability for missed network rewards and slashing penalties is limited to the Liability Cap.

The foregoing descriptions are summaries, and do not purport to be complete descriptions, of the Figment Agreement and the Twinstake Agreement, and are qualified in their entirety by reference to the Figment Agreement and the Twinstake Agreement, which are filed as Exhibits 10.1 and 10.2 hereto, respectively, and are incorporated by reference herein.

Provided that Twinstake generates staking rewards, Twinstake will be entitled to compensation determined as a portion of the staking rewards, which is generally expected to be a low single-digit percentage of the overall rewards amount.

RECITALS:

- A. Some blockchain protocols achieve consensus among distributed nodes through a system known as “proof-of-stake”;
- B. Proof-of-stake blockchain protocols generally require the protocol’s token-holders to Stake (as defined below) their Tokens (as defined below) to participate in the consensus validation process by validating and signing definitive serial transaction records;
- C. Proof-of-stake systems distribute additional tokens to token-holders who successfully Stake to incentivize Staking;
- D. Figment operates computing resources to be used for, in respect of Tokens that exist at digital addresses on publicly distributed ledgers, validating transactions and adding them to publicly distributed ledgers or otherwise performing network functions in the service of the protocol, and/or maintaining and permitting access to publicly distributed ledgers (“**Validator Nodes**”);
- E. Delegator holds Tokens on its own behalf and/or on behalf of its Clients (if any), and intends to commit such Tokens to secure the operation of Validator Nodes (“**Staking**” or “**to Stake**”);
- F. Delegator wishes to arrange, on its own behalf and/or as agent for its Clients (if any), the provisioning and operation of Validator Nodes and the Staking of Tokens on Validator Nodes operated by Figment; and
- G. Figment is willing to provision and operate Validator Nodes as a service on behalf of Delegator and/or its Clients, if any.

- (a) The Parties acknowledge that the performance of the Services by Figment is intended to result in the direct transfer of Rewards by the Supported Blockchains on-chain in either of the following ways:
 - (i) to Figment in the amount of the Service Fee at the wallet address designated by Figment, and the remainder to Delegator at the wallet address designated by Delegator (the “**Standard Flow**”); or
 - (ii) to Delegator at the wallet address designated by Delegator (inclusive of the amount of the Service Fee payable to Figment) (the “**Non-Standard Flow**”).
- (b) If Figment performs the Services for Delegator in respect of any Supported Blockchains that transfer Rewards in accordance with the Non-Standard Flow set out in Section 5.1(a)(ii), Figment shall be entitled to payment of the Service Fee by Delegator and will invoice Delegator for Service Fees payable by Delegator to Figment, and, within thirty (30) days of the date of receipt of such invoice in good order, Delegator will make payment of an amount equal to the Service Fee in accordance with the instructions included in such invoice (or as the Parties may otherwise agree in writing).
- (c) If Delegator fails to make payment in accordance with Section 5.1(b), Delegator shall pay late fees to Figment as set out in Schedule “A”.

5.2 Section 5.1 is subject to the Protocols of the Supported Blockchains and the provisions of this Agreement, including variations to Section 5.1 under the Schedules and Order Forms (if any).

5.3 Rewards Not Guaranteed. Delegator acknowledges that: (i) the transfer of Rewards by the Supported Blockchains is not guaranteed and Delegator may not receive the Rewards; (ii) Figment has no ability to control or influence whether or not a Supported Blockchain transfers any Rewards to Delegator or otherwise complies with its Protocols; and (iii) Figment is not responsible for any failure by the Supported Blockchains to transfer Rewards to Delegator, any error or mistake in the transfer of Rewards to Delegator (including the transfer of Rewards to the wrong wallet), or any other loss, destruction or transfer of Rewards (except to the extent such failure to transfer Rewards, loss, destruction or transfer resulted directly from the gross negligence, fraud or intentional misconduct of Figment). Notwithstanding the foregoing and anything to the contrary in this Section 5, in any situation involving Non-Standard Flow as set out in Section 5.1(a)(ii), to the extent Delegator fails to receive any Rewards for any reason other than Delegator’s negligence, fraud or intentional misconduct, Delegator shall be under no obligation to make any payment of any Service Fee in accordance with Section 5.1(b).

5.4 No Custody. Delegator acknowledges and agrees that Figment does not and will not accept or take custody over any Tokens or Rewards on behalf of Delegator or its Clients (if any), and that Figment's sole obligation under this Agreement is to perform the Services in accordance with the provisions of this Agreement.

5.5 Slashing Reimbursements. If a Supported Blockchain applies a Slashing Penalty against any of Delegator's Tokens (including, for the avoidance of doubt, any Token of any Client of Delegator's), Figment will transfer Slashing Reimbursements to Delegator, subject to the provisions of this Agreement, including Section 5.7 and the limitations and exclusions set out herein, including Section 13.

5.6 Missed Rewards. Figment will transfer to Delegator an amount of Tokens equal to any Missed Rewards, subject to the provisions of this Agreement, including Section 5.7 and the limitations and exclusions set out herein, including Section 13.

5.7 Eligibility. In order to be eligible to receive Slashing Reimbursements or payments of Missed Rewards:

- (a) Delegator must deliver a written request for each impacted Supported Blockchain to Figment at claims@figment.io within thirty (30) days following the date of the alleged occurrence of a Slashing Penalty or Missed Rewards ("Reimbursement Claim"), which shall describe in detail the alleged occurrence of the Slashing Penalty or Missed Rewards, subject to the limitations and exclusions set out herein, including Section 13; and
- (b) [Omitted]
- (c) the aggregate amount for each Reimbursement Claim must be equal to or greater than \$2,000.

5.8 Protocol Changes & Forks. The Parties acknowledge and agree that Protocols may change and forks may occur, in each case outside of Figment's control and that, therefore, except as may otherwise be provided in this Agreement:

- (a) Figment may respond to Protocol changes and forks in a commercially reasonable manner;
- (b) the reasonable exercise by Figment of any right or power that is available to it in its capacity as a Validator Node on a Supported Blockchain shall not constitute a breach or violation of any obligation owed by Figment to Delegator under this Agreement; and
- (c) Figment is not responsible for any Damages incurred by Delegator or its Clients (if any), arising in connection with Protocol changes or forks, provided that Figment acts in accordance with Section 5.8(a).

5.9 Protocol Features. Certain proof-of-stake blockchain protocols have unique protocol-specific features that may impact Staking and Figment's performance of the Services, as set out [here](#) (the "Protocol Features"). The Protocol Features are incorporated herein by reference and made part of this Agreement, as may be updated from time to time. Figment will use commercially reasonable efforts to inform Delegator of any material changes to the Protocol Features affecting the Supported Blockchains.

6. CONDITIONS

6.1 The obligation of Figment to perform the Services is conditional on the satisfaction of the following conditions precedent both as of the Effective Date and subsequently as of the time of performance of the Services:

- (c) the representations and warranties of Delegator set out in Section 12 are true, accurate and complete; and
- (d) neither the delegation by Delegator of the Token Rights to Figment, nor Figment's performance of the Services for Delegator, constitute or would be reasonably expected to result in (with or without notice, lapse of time, or both) a breach, default, contravention or violation of any Law, or agreement to which either Party is bound, including this Agreement and the Protocols of the applicable Supported Blockchains.

6.2 Delegator must timely provide Figment with, all information required in order for Figment to perform the Services and fulfill its obligations under this Agreement, including each wallet address associated with Delegator's and/or its Clients' Tokens, at least five (5) days prior to the last Business Day of such month on which the Tokens were Staked with Figment.

7. TAXES

7.1 Delegator shall be solely responsible for the payment to applicable governmental authorities of: (i) any and all taxes, penalties, duties, and interest (together, "Taxes") applicable to the Rewards, Slashing Reimbursements, payments of Missed Rewards, and other amounts receivable or received by Delegator in connection with this Agreement; and (ii) all other Taxes of Delegator or which may apply to Delegator resulting from or related to the transactions contemplated under this Agreement. Delegator shall indemnify and hold harmless Figment, its Affiliates, and their respective officers, directors, shareholders, managers, and employees (as applicable) in respect of all Taxes levied by any governmental authority on any Rewards, Slashing Reimbursements, payments of Missed Rewards, or other amounts receivable or received by Delegator (and/or, if applicable, its customers, clients or interest holders) in connection with this Agreement, in accordance with the indemnification procedures set out in Section 14.

7.2 Figment shall be solely responsible for the payment to applicable governmental authorities of: (i) any and all Taxes applicable to the amounts receivable or received by Figment in connection with this Agreement; and (ii) all other Taxes of Figment or which may apply to Figment resulting from or related to the transactions contemplated under this Agreement. F

7.3 Neither Figment nor any of its agents have provided or will provide advice or guidance with respect to any applicable Law, Tax or other obligations of Delegator. Delegator is strongly encouraged to seek advice from Delegator's legal and tax advisors with respect to any Law or Tax that are applicable to, or other obligation of, Delegator related to the entering into and performance of this Agreement.

8.3 Effect of Termination. Upon the termination of this Agreement:

- (a) Delegator agrees to take all steps reasonably necessary to Unstake all Tokens, and Figment agrees to take or refrain from taking any actions required to facilitate such Unstaking by Delegator unless upon request by Delegator;

9. CONFIDENTIALITY

9.1 The Receiving Party will: (i) protect the confidentiality of the Disclosing Party's Confidential Information using the same degree of care that it uses with its own confidential information of a similar nature, but with no less than reasonable care; (ii) not use any of the Disclosing Party's Confidential Information for any purpose other than as may be necessary or desirable in connection with the performance of this Agreement; and (iii) not disclose the Disclosing Party's Confidential Information to any Person other than its Affiliates and its and their employees, contractors, and advisors, as reasonably required to perform this Agreement, provided they are bound by obligations of confidentiality at least as restrictive as those set out in this Agreement or are under professional obligations of confidentiality. No other use will be made of the Confidential Information by a Receiving Party, it being recognized that the applicable Disclosing Party has reserved all rights to the Confidential Information not expressly granted herein.

9.2 If the Receiving Party is legally compelled by a court or other governmental authority of competent jurisdiction or by any subpoena, summons, order or other judicial process to disclose any of the Disclosing Party's Confidential Information, the Receiving Party will provide the Disclosing Party with prompt prior written notice of such requirement (to the extent legally permissible) so that the Disclosing Party may seek a protective order or other appropriate remedy and/or waive compliance with the terms of this Section 9. If such protective order or other remedy is not obtained or the Disclosing Party waives compliance with the terms of this Section, the Receiving Party may furnish only that portion of the Confidential Information which it is legally required to disclose in the opinion of its counsel, and will use commercially reasonable efforts to ensure that confidential treatment shall be afforded to such disclosed portion of the Confidential Information.

9.3 Upon reasonable written request following termination of this Agreement, the Receiving Party shall either return to the Disclosing Party (or, at the Disclosing Party's instruction, destroy and provide the Disclosing Party with written certification of the destruction of) all documents, computer files, and other materials containing any of the Disclosing Party's Confidential Information that are in its possession or control; provided, however, the Receiving Party may: (i) keep any Confidential Information that is retained automatically as part of its usual and customary computer backup procedures; and (ii) retain any Confidential Information as required by court order, other regulatory order or applicable Law; provided, however, that all retained Confidential Information shall remain subject to this Section 9.

10. INTELLECTUAL PROPERTY

10.1 All right, title, and interest in and to the Platform and the Website, including all modifications, improvements, adaptations, and enhancements made thereto, are and shall remain the sole and exclusive property of Figment.

10.2 **License.** Each Party hereby grants (in such capacity, the "Licensor") the other Party (in such capacity, the "Licensee") a limited, revocable, non-exclusive, non-sublicensable, non-transferable license during the Term (the "License") to use the company names, trade names, logos, insignias, service marks and trademarks of the Licensor or any of its Affiliates (collectively, the "Logos") in the Licensee's advertising, marketing, and promotional materials in all formats and media (the "Marketing Materials"). The Licensee shall not use the Logos in a manner that misrepresents its relationship with the Licensor or is otherwise misleading, or that reflects negatively on the Licensor. A Party seeking to use the other Party's Logos in its Marketing Materials shall submit to the other Party all such Marketing Materials that incorporate that other Party's Logos or that otherwise relate to that other Party and shall not distribute such Marketing Materials unless and until that other Party has approved them in writing (with such approval not to be unreasonably withheld); provided, however, that such Party does not need to submit to the other Party previously-approved Marketing Materials or Marketing Materials substantially in the same form as previously approved Marketing Materials. Prior to use or publication of any Marketing Materials, such Party agrees to incorporate all changes relating to use of the other Party's Logos as reasonably requested by the other Party. The License shall be revoked upon termination of this Agreement or upon the Licensor's written request. Upon revocation of the License, the Licensee shall immediately cease and desist from any further use of the Logos.

To the extent that Figment may not as a matter of Law disclaim any implied warranty or condition, the scope and duration of such warranty or condition will be the minimum permitted under such Law.
- (b) Without limiting the foregoing, Figment makes no representations or warranties with regards to the potential market for the Service or the amount of Rewards that may be generated under this Agreement.

13. EXCLUSIONS AND LIMITATIONS OF LIABILITY

13.1 To the maximum extent permitted by Law, in no event will a Party be liable to the other Party for: (i) any incidental, indirect, consequential, special, exemplary, or punitive Damages of any kind or any loss of actual or anticipated profits (whether direct or indirect) or loss of actual or anticipated revenues (whether direct or indirect) arising under or relating to this Agreement, regardless of the theory of liability (contract, tort, or otherwise) and even if a Party was advised, had other reason to know, or in fact knew of the possibility thereof; or (ii) direct Damages in excess of the caps specified in Section 13.2 below.

13.2 Except for a Party's indemnification obligations pursuant to Section 14.1, in no event will either Party's aggregate liability for Damages of any kind to the other Party or any other Person under or in connection with this Agreement exceed the amount equal to the sum of the Service Fees collected by Figment under this Agreement during the six months prior to the initial event giving rise to Damages (the "**Global Cap**"). For Slashing Penalties, Figment's aggregate liability for each Supported Blockchain is limited to the amount of Service Fees collected by Figment under this Agreement for such Supported Blockchain during the six months prior to the initial Slashing Penalty (the "**Slashing Cap**"). For Missed Rewards, Figment's aggregate liability for each Supported Blockchain is limited to the amount of Service Fees collected by Figment under this Agreement for such Supported Blockchain during the three months prior to the initial Missed Rewards event (the "**Missed Rewards Cap**"). For clarity: (a) the Slashing Cap and the Missed Rewards Cap are included in, and not in addition to, the Global Cap; and (b) the Global Cap, Slashing Cap, and Missed Rewards Cap are each cumulative for the duration of the Term and not per event. Notwithstanding the foregoing, the Slashing Cap and Global Cap shall not apply to any Slashing Penalties arising from or attributable to Figment's gross negligence, fraud or willful misconduct.

13.3 The amount of any indemnification, compensation or reimbursement otherwise payable to either Party (in such capacity, the "**Insured Party**") in connection with a claim made under this Agreement (including, but not limited to, a Reimbursement Claim) by the other Party will be net of any insurance proceeds ("**Proceeds**") paid or payable to the Insured Party under any policies of insurance covering the Damages giving rise to such claim (each, an "**Insurance Policy**"). Prior to making a claim against the other Party under this Agreement, the Insured Party will: (i) submit a claim under any applicable Insurance Policy; (ii) collect all available Proceeds payable pursuant to such Insurance Policy; and (iii) inform the other Party of any Proceeds received. If the Insured Party subsequently receives Proceeds under an Insurance Policy (or otherwise receives payment from another Person) in connection with a claim after the other Party has already made payment to the Insured Party, the amount of the other Party's payment will promptly be repaid by the Insured Party to the other Party, solely to the extent that the sum of the payment made by the other Party and Proceeds received (or any payment received from another Person) by the Insured Party exceeds the Damages incurred by the Insured Party.

13.4 Without limiting any of the foregoing, a Party will not be liable to the other Party for any Damages of any kind arising from or relating to any: (i) acts or omissions of such other Party, its Affiliates or (solely in the case of Delegator) Clients (if any); (ii) events described in Section 4; (iii) events described in Section 5.3; (iv) Force Majeure Events; (v) planned downtime for upgrades to and maintenance of the Services; and (vi) Missed Rewards incurred in connection with Jailing.

13.5 The limitations and exclusions of liability set out in this Section 13 apply to any claim(s) related to this Agreement or the Services, the Platform, the Website, their components, and any other materials provided hereunder, to the maximum extent permitted by Law.

13.6 Notwithstanding anything to the contrary contained herein or elsewhere, the Parties expressly acknowledge and agree that the provisions of this Agreement (including the remedies available hereunder) shall apply solely and exclusively to Tokens Staked by Delegator under this Agreement (including, for the avoidance of doubt, any Tokens Staked by Delegator on behalf of any Client(s)).

F

13.7 To the maximum extent permitted by Law, the sole and exclusive remedy available hereunder for:

- (a) Slashing Penalties is set out in Section 5.5;
- (b) Missed Rewards is set out in Section 5.6; and
- (c) all Damages arising in respect of third-party Claims is set out in Section 14.

14. INDEMNIFICATION

14.1 Subject to the provisions of this Agreement, each Party (in such capacity, the “**Indemnifying Party**”) shall defend, indemnify, and hold harmless the other Party, its Affiliates, and their respective officers, directors, shareholders, managers, employees, and agents (as applicable) (in such capacity, the “**Indemnified Party**”) from all Damages, excluding Slashing Penalties and Missed Rewards (except as expressly provided for in Section 13.2), incurred by any such Indemnified Party in connection with any actual or threatened third-party action, claim, proceeding, judgment, or settlement (each a “**Claim**”), arising from or in connection with: (a) the Indemnifying Party’s breach of its covenants or representations and warranties under this Agreement; and/or (b) in the case where the Indemnifying Party is Delegator, (1) any breach or non-performance of any provision owing to Clients (if any) under any agreement involving Delegator or any of its Affiliates and its or their respective Clients; and/or (2) otherwise involving a Client of Delegator, if any, that is made in connection with or is otherwise related directly or indirectly to this Agreement, and is not materially attributable to, or grounded in any act or omission by Figment. The foregoing obligations shall be subject to the Indemnified Party: (i) promptly notifying the Indemnifying Party in writing of the Claim; (ii) providing the Indemnifying Party, at the expense of the Indemnifying Party, with reasonable cooperation in the defense of the Claim; and (iii) providing the Indemnifying Party with sole control acting reasonably over the defense and negotiations of the Claim for a settlement or other resolution; provided that the Indemnifying Party may not, without the Indemnified Party’s prior written consent, settle, compromise or consent to the entry of any judgment in any such commenced claim or action, unless such settlement, compromise or consent: (1) includes an unconditional release of the relevant Indemnified Party for all liability arising out of such commenced claim or action; and (2) is solely monetary in nature and does not include a statement as to, or an admission of, fault, culpability or failure to act by or on behalf of any Indemnified Party or otherwise adversely affect any Indemnified Party.

15. GENERAL PROVISIONS

- (a) **Headings.** The headings in this Agreement are for reference only and will not affect the interpretation of this Agreement.

- (iii) Any reference in this Agreement to gender includes all genders, and words importing the singular number only include the plural and vice-versa.

15.2 Assignment. Delegator shall not assign or otherwise transfer any of its rights or obligations under this Agreement without the prior written consent of Figment; provided that Delegator may, upon written notice to Figment and without the consent of Figment, assign or otherwise transfer this Agreement: (i) to any of its Affiliates; or (ii) in connection with a change of control transaction (whether by merger, consolidation, sale of equity interests, sale of all or substantially all assets, or otherwise) or other liquidity event, provided that in all cases, the assignee executes and delivers to Figment an agreement reasonably satisfactory to Figment to be bound by the terms and conditions of this Agreement. Any assignment or other transfer in violation of this Section 15.2 will be null and void. Subject to the foregoing, this Agreement will be binding upon and inure to the benefit of the Parties and their successors and permitted assigns.

15.3 Waiver. No waiver of any provisions of this Agreement will be valid unless in writing and designated as such. No failure or delay by either Party in exercising any right, power, privilege or remedy under this Agreement shall operate or be deemed as a waiver of any such right, power, privilege or remedy, nor shall any single or partial exercise thereof preclude the exercise of any other right, power, privilege or remedy hereunder. Without limiting the generality of the foregoing, Figment shall not be deemed to have waived any of the conditions described in Section 6, or waived or released any claim, right, power, privilege or remedy related thereto, by virtue of providing the Services to Delegator while having no specific knowledge that such condition is not satisfied with respect to Delegator, and may terminate its Services to Delegator after learning of such non-satisfaction irrespective of how long such condition has not been satisfied.

15.4 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the state of New York and the federal laws of the United States of America applicable therein, without regard for the choice of law provisions thereof.

15.5 Exclusive Forum. Any claim, dispute, or controversy arising out of or relating to this Agreement (including the arbitrability of any claim, dispute or controversy), or the breach, termination, enforcement, interpretation, validity, or scope hereof shall be resolved by private, confidential and binding arbitration. Such arbitration shall be conducted by a single arbitrator. The arbitrator shall be appointed by written agreement of the Parties or, in the absence of an agreement, such arbitrator shall be appointed by a judge upon the application of either Party. Arbitration shall be held in the state of New York, unless otherwise agreed by the Parties. The arbitration procedure to be followed shall be agreed in writing by the Parties or, in absence of an agreement, determined by the arbitrator. The arbitration shall proceed in accordance with the Comprehensive Arbitration Rules and Procedures of JAMS. Subject to any right of appeal, the decision arrived at by the arbitrator shall be final and binding. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

15.8 Severability. If any provision of this Agreement is found invalid, illegal or unenforceable by a court of competent jurisdiction, that provision shall be amended to achieve as nearly as possible the same economic effect as the original provision, and the remainder of this Agreement shall remain in full force and effect. Any provision of this Agreement, which is unenforceable in any jurisdiction, shall be ineffective only as to that jurisdiction, and only to the extent of such unenforceability, without invalidating the remaining provisions hereof.

15.14 **Currency.** All dollar (\$) amounts identified in this Agreement are denominated in United States dollars.

15.15 **Counterparts.** Each Party may execute and deliver this Agreement in a digital counterpart. Twinstake shall pay any damages finally awarded against the Customer by a court of competent jurisdiction or as agreed to in a settlement. Twinstake's obligations under this clause do not apply with respect to any Claim based upon or related to: (A) use of the Services or Platform in an application or environment not explicitly authorised in writing by Twinstake or on a platform other than the Platform or with devices or Digital Assets for which Twinstake has not agreed in writing; (B) any unauthorised use, reproduction or distribution of the Services and/or Platform; (C) infringement or violation of Intellectual Property Rights caused by or based on the Supported Network, or Network Protocol; (D) modifications, alterations, combinations or enhancements of the Platform or Services not created or authorised in writing by Twinstake; (E) any failure to perform the Services arising from the implementation of the Customer's requirements or on the accuracy of Customer Data; (F) any infringing activity, or the continuation of allegedly infringing activity, by the Customer (including Customer's Affiliates, Representatives, or Authorised Users) after being notified thereof or the continuing use of any prior version after being provided with modifications that would have avoided the alleged infringement; or (G) any Intellectual Property Right in which the Customer or any of its Affiliates, directly or indirectly, has an interest. If any Claim arises, or Twinstake believes (acting reasonably) that a Claim may arise, Twinstake may, at its sole option and expense: (a) replace or modify the affected component to make it non-infringing; (b) procure a licence for Customer's continued use of the affected component; or if (a) and (b) are not commercially viable (as determined by Twinstake in its sole discretion) terminate this Agreement. The foregoing states the entire liability of Twinstake (and its Affiliates and Representatives), and the Customer's exclusive remedy, with respect to any actual or alleged violation of Intellectual Property Rights by the Services or Platform, any part thereof or its use or operation.

8.3 **Indemnity Procedure.** Any claim for indemnification under this clause 8 requires that: (A) the indemnified party provide: (i) prompt written notice of the claim provided that the failure to provide such notice shall not relieve the indemnifying party of its obligations under this clause 8 (except to the extent that such failure materially prejudices the indemnifying party's defence of such claim); and (ii) reasonable cooperation, information, and assistance in connection therewith; and (B) the indemnifying party shall have sole control and authority to defend or settle such claim. The indemnifying party shall not make any settlement that binds or requires a materially adverse act or admission by the indemnified party without the indemnified party's written consent (such consent not to be unreasonably delayed, conditioned or withheld).

8.4 **Exclusion of Liability.** Nothing in this Agreement shall operate to limit or exclude either party's liability for any of the following: (A) death or personal injury caused by negligence; (B) fraud or fraudulent misrepresentation; or (C) any other liability that cannot be excluded or limited by Law.

8.5 **Exclusion of Damages.** Subject to clause 8.4, in no event will either party or its Affiliates be liable (whether in contract, tort (including negligence), for breach of statutory duty, or otherwise) under or in connection with this Agreement for any: (A) loss or inaccuracy of data, loss or interruption of use, or cost of procuring substitute technology, goods or services; (B) indirect, incidental, special, punitive or consequential loss, including but not limited to, loss of profits or revenue, or loss of Customer Network Rewards, in each case even if such party has been advised as to the possibility of such damages; and (C) in the case of Twinstake, for the acts or omissions of any Custodian, or the operation of any Self- Hosted Wallet used by the Customer.

8.6 **Limitation of Liability.** Subject to clauses 3.7, 3.8, 8.4 and 8.5, in no event will either party's (or any of their Affiliates' and Representatives') total and cumulative liability under or in connection with this Agreement exceed the total Service Fees paid by the Customer to Twinstake in the twelve (12) months preceding the date of the first event (or series of connected events) giving rise to liability under this Agreement.

8.7 **Limited Recourse.** Twinstake acknowledges and agrees that: (i) each Customer entering into this Agreement does so in its own capacity, with liabilities and obligations arising from this Agreement being attributable solely to the assets and operations of each such Customer (ii) any amounts owed or liabilities incurred by any one Customer under this Agreement may only be satisfied solely from the assets of such Customer, without recourse to the assets of other entities or arrangements that Twinstake may have a relationship with; (iii) without limiting the generality of the foregoing, with respect to any such amounts owed or liabilities incurred by any one Customer, in no event shall Twinstake or any of its affiliates have recourse, whether by set-off or otherwise, to or against any of the assets other than those of the specific Customer involved in the Agreement; (iv) if the assets of a Customer are insufficient to meet that Customer's obligations to Twinstake or Twinstake's claim, Twinstake shall have no claim or recourse against any other Customer in respect to any amount which is or remains unsatisfied after the application of the net proceeds of realization of the assets of the relevant Customer, and any remaining obligation to pay any further unsatisfied amounts shall be extinguished and Twinstake shall not have any further right of payment in respect thereof or be entitled to take any further steps against the assets of that Customer to recover any sums due but still unpaid after such application; and (v) for the avoidance of doubt, no event of default, termination event or similar event or condition (as applicable) under one agreement between Twinstake and a Customer (an "Other Customer Agreement"), solely by reason of its constituting an event of default, termination event or similar event or condition (as applicable) under such Other Customer Agreement, will constitute an event of default, termination event or similar event or condition with respect to this Agreement, and vice versa. Furthermore, any netting and set-off provisions incorporated in this Agreement (if applicable) will apply solely to this Agreement, and there shall be no netting or set-off between any Other Customer Agreements, and vice versa.

9.1 **Twinstake Termination for Convenience.** This Agreement may be terminated by Twinstake for any reason giving at least ninety (90) days' prior written notice to the Customer.

9.2 **Customer Termination for Convenience.** Where the Customer has no Digital Assets delegated to the Platform, the Customer shall have the right to terminate this Agreement with immediate effect for any reason by giving written notice to Twinstake.

9.3 **Termination for Cause.** This Agreement may be terminated by:

(A) either party at any time on written notice to the other party (such termination to be effective upon deemed receipt of that notice in accordance with clause 14.10) in case of the following:

(1) if the other party is in material breach of any of the terms of this Agreement and either that breach is incapable of remedy, or the other party fails to remedy that breach within fifteen (15) days after receiving written notice requiring that other party to remedy that breach;

(2) where required by Law or any regulatory body;

(3) where the other party is subject to an Insolvency Event; or

(1) where, in Twinstake's reasonable opinion, the Customer has failed to comply with the provisions of clause 4.2 and/or has breached the warranty in clause 6.2(B);

(2) in Twinstake's reasonable opinion, continued access by the Customer and/or the Authorised Users would constitute a security risk to the Platform, Services and/or Twinstake's other customers and users;

(C) Customer at any time on written notice to Twinstake (such termination to be effective upon deemed receipt of that notice in accordance with clause 14.10) where in the Customer's reasonable opinion, Twinstake has breached the warranties in clause 6.3.

9.4 The Customer acknowledges and agrees that, where it terminates this Agreement under clause 9.2 and later delegates Digital Assets into the Platform, such delegation shall be governed by a new agreement between Twinstake and the Customer that shall come into effect in accordance with the provisions of that agreement.

10. **CONSEQUENCES OF TERMINATION**

10.1 **Consequences of Termination.** On expiry or termination of this Agreement for any reason: (A) all rights granted to the Customer under this Agreement shall cease; and (B) the Customer shall promptly pay to Twinstake any fees that have accrued at the date of termination.

11. **SUSPENSION**

11.1 Twinstake may suspend the Services or access to the Platform if: (A) Twinstake reasonably suspects that there has been any misuse of the Services or the Platform, or any breach of this Agreement; or (B) the Customer fails to pay any sums due to Twinstake following an Invoice Cure Period (except for fees that Customer is reasonably disputing in good faith). In relation to suspension under (B) above, the Services and access to the Platform will be restored after Twinstake receives payment in full and cleared funds. Service Fees that have accrued prior to such suspension shall remain payable during any period of suspension; provided however that, if Service Fees are being paid, then the Customer shall be entitled to the corresponding Customer Network Rewards.

12. **CONFIDENTIALITY**

12.1 Subject to clause 12.2, each party shall: (A) use the other party's Confidential Information solely as is necessary to perform its obligations under this Agreement, but not for any other purpose unless explicitly authorised herein; (B) treat the other party's Confidential Information as confidential and protect such Confidential Information in the same manner that it protects the confidentiality of its own Confidential Information of like kind (but in no event using less than reasonable care); and (C) except where required by Law applicable to this Agreement or by order of a court of competent jurisdiction, not publish or otherwise disclose to any third party the other party's Confidential Information without the owner's prior written consent.

14.2 **Severability.** If any provision of this Agreement is held to be invalid or unenforceable (in whole or in part) by any Law applicable to this Agreement or by the final determination of any court of competent jurisdiction, such invalidity or unenforceability shall not affect the other parts of that provision or the other provisions of this Agreement which shall remain in full force and effect.
